

# Cabin Workboats

Polarcirkel Workboats are offered in three versions with inboard engines from 130hp to 435hp and lengths of 760, 820 and 860cm.

Polarcirkel RBB (Rigid Buoyancy Boat) hulls are self-bailing and have rigid pontoons filled with polystyrene that makes them virtually unsinkable.

## Rugged, flexible workboats ...

The tough and reliable hand-crafted Polarcirkel Cabin Workboats benefit from great design values, high quality build, unique flexibility and extremely low maintenance. They are self-bailing, and in contrast to a conventional RIB, have rigid pontoons filled with polystyrene for ultimate safety. Combined with the 21<sup>o</sup> V-shaped hull, this design makes a virtually unsinkable boat with unique stability and excellent handling properties. Polarcirkel boats are tested in extreme weather conditions all over the world.

All our models are loaded with smart details and unique features for safe operation in all conditions and we ensure that our products have an emphasis on safety and the environment. Indeed, Polarcirkel Cabin Workboats are a unique choice for the discerning professional and being made from HDPE-100 plastic, which is LNG-based great for recycling recycling properties. Although don't expect to be doing this for decades!

# Cabin Workboats

Polarcirkel Workboats are specially designed for maritime industries, coast guard, diving and other professional activities.

A compact optional life-raft can also be offered to ensure your safety.

Polarcirkel offers an open outboard and inboard series with workboat models from 5.5 to 8.2 metres (18ft - 27ft).

AKVA group is the world's largest supplier of aquaculture technology, promoting well known brand names such as: Wavemaster, Polarcirkel, Fishtalk and Akvasmart.

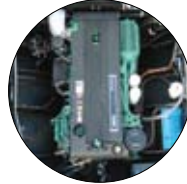

**New!** Polarcirkel Cabin

Polarcirkel boats are made of polyethylene, a very strong and flexible material suitable for all weather conditions.

Polarcirkel Cabin Workboats are practically maintenance free, and easy to manoeuvre.

Extra cargo storage space in the forward locker.

Highly reliable Volvo Penta diesel engines 130hp - 435hp.

### Cabin Workboats, standard equipment:

- 4 pcs mooring cleats
- Extra protective hull strips
- Stowage space with hatch in bow
- Manual bilge pump
- Self-bailing deck
- Red gunwales
- Fire extinguisher
- Anchor and rode
- Hydraulic steering wheel
- Dashboard mounted controls
- Electric bilge pump with sensor
- Insulated engine hatch with pneumatic lifters
- Battery, main switch & ignition lock
- Insulated cabin
- Dual helm seats with suspension
- 3-passenger bench seat
- RPM gauge, temperature gauge, oil pressure gauge, voltmeter and tilt indicator
- Built-in diesel tanks 2 x 200 litres
- Head available on the 860 model
- Non-skid rubber deck mat outside
- Red HDPE rub rail on pontoons
- Built-in steps in aft pontoons
- CE approved, category C

### Optional equipment:

Search lights, work lights, hydraulic installation, capstan, bow platform with pulpits, marine electronics, etc.
