Operational leverage and profitable growth

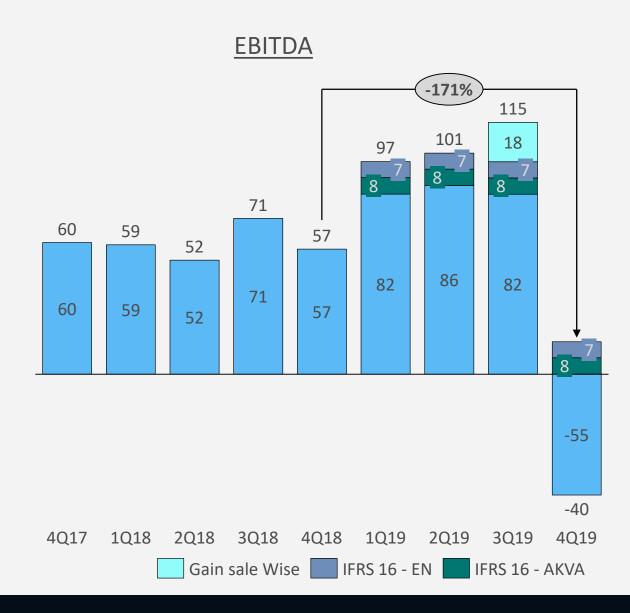

EBITDA development

- EBITDA of minus 40 MNOK in the quarter, including 15 MNOK in effect of reclassification due to IFRS 16 (leases)
- The software business sold in 2019 was included with 5 MNOK in Q4 2018
- Americas has improved EBITDA margins compared to last year, although absolute contribution in the period is down.
- The Nordic CBT segment (excluding Egersund Net) is improved in the quarter with good performance in Sperre and AMS
- The activity in Egersund Net has been low compared to LY, with effect on absolute and relative EBITDA
- The results in the quarter are impacted by certain exceptional items which are further described on the next slides

Exceptional items in Q4

- ✓ Profit warning sent January 20th as preliminary Q4 numbers was poor compared to expectations:
 - Exceptional high guarantee costs within the Nordic Cage based segment
 - Several projects within cage based with cost overruns
 - ✓ Bad debt and claims within the Land Based segment
 - ✓ Write off of control system modules to be phased out
 - ✓ The above is estimated to around 55 MNOK around 25% related to Land Based and the rest to Cage Based.
 - EBIT expectations for Q4 after this was negative with 25-30 MNOK
- ✓ Year-end closing procedures uncovered significant losses in Land Based projects, new profit warning sent February 7th
 - ✓ Losses not accounted for fully during the year all projects in Danish subsidiaries revisited
 - Approximately 72 MNOK in additional losses
 - EBIT after this for Q4 negative with 106 MNOK

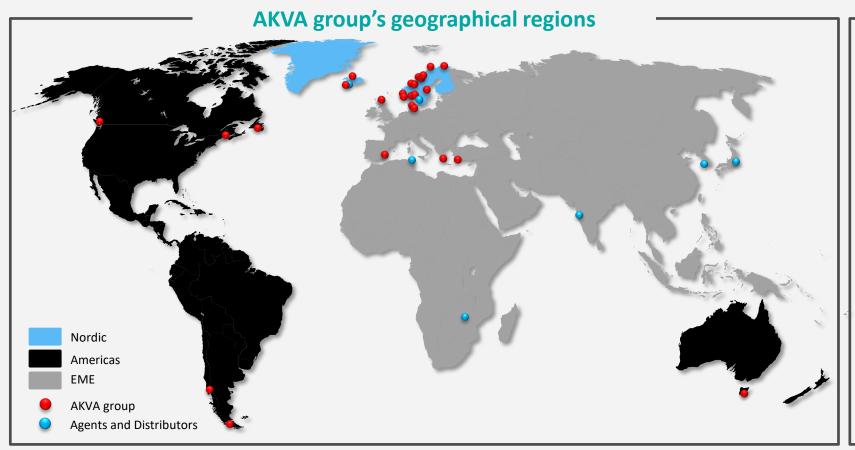

Review of Land Based activities

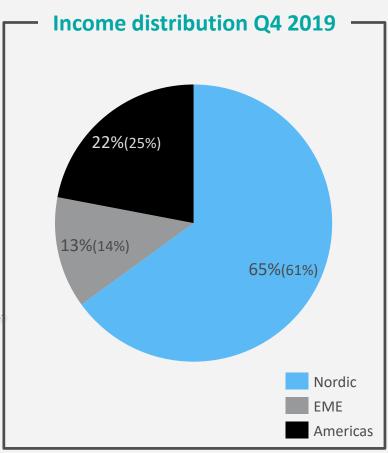

- What happened and why
 - ✓ Late awareness of cost overruns in projects
 - ✓ Incorrect financial recognition from project accounting
- Actions in progress
 - ✓ Third party evaluation of project management competence
 - ✓ Strengthening the organization with new positions
- Evaluation of margin in order backlog
 - New generation of projects being started
 - Project execution capabilities will be strengthened
 - Improved engineering and known technology
 - ✓ Improved risk management
 - Pricing of all larger projects reviewed normal margins expected

Tube net

- A patented concept
- Proven to reduce lice infestation with 80%, with the potential to reduce the lice precence to almost 0 if the tube is deep enough
- A concept for improved fish welfare
- Suitable for AGD treatment
- Reduced risk of escape: damages to the upper part of the net will not be a concern, as the fish is enclosed at the deeper part of the pen
- Reduced need for net cleaning
- Inner tube has been operated to 16 mtrs depth with great success
- Concept also includes subsea feeder and led lights to be operated for a full cycle

Separate focus on full grow out RAS facilities

Nordic Aqua Partners at a glance

Unique setup for land based salmon farming in China

- First fully-integrated and commercially viable large scale RAS facility in China
- Based on state-of-the art RAS technology by world-leading supplier AKVA Group
- World class management team with complementary skillset
- Investor-backing from two global industry players
- Substantial support from local government (land, infrastructure, facilities)
- Attractive export credit financing

Nordic Aqua Partners is poised to take a leading position in the world's most attractive market for Atlantic Salmon with unparalleled land based advantages

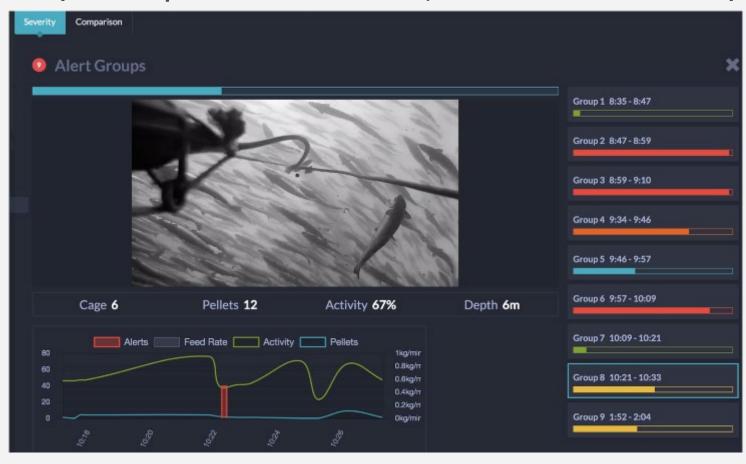

- AKVA as strategic partner in NAP
- Potential equity stake to secure partnership and successful execution
- Learning and developing by a close follow-up on all technical, operational and biological performance measures
- Final financing is still pending
- Additional projects in pipeline

AKVA Observe provides a Management Tool for overview and continous improvement

- I.e «audit trial» w/video capture of alert situations, benchmark between sites / cages etc.

Covid-19

- ✓ The Covid-19 virus together with a total collapse of the global oil price has had a massive impact around the globe. So far AKVA group has been moderately impacted. The major impacts financially for AKVA group has been related to two newly awarded RAS contracts on Land Based being cancelled. AKVA group has taken action with the following focus areas:
 - The core of AKVA group is its employees, therefore AKVA group's main focus is the safety and health of our employees
 - > AKVA group has put in place a program to monitor and optimize the overall liquidity in the company
 - AKVA group has implemented actions to maintain the security of supply during this crisis
 - A steady order intake is paramount to ensure work for all AKVA employees and a prerequisite for the other focus areas

Outlook – AKVA group

- Order backlog remains high
- Service station for nets to be built in northern Norway (with partner), plans for additional station underway
- New generation tube net (preventive sea lice solution) launched, strong interest in the market and contract of 100 MNOK signed in April 2020
- Presence in eastern Canada, completed the purchase of 70% of the shares in Newfoundland Aqua Service Ltd in February
- Cost savings program initiated
- Maintained focus on full grow out RAS facilities within the Land Based segment, despite setback on China project
- Digitalization strategy making further progress with additional installations for Precision feeding – pipeline is growing

AKVA's input to Norwegian authorities

Norway should strengthen and evolve our natural comparative advantages in the aftermath of Covid-19 by granting new innovation permits for coastal farming. This will:

- Advance Norway's natural advantages and affirm the position as the technological leader of fish farming
- Help promote focus on sustainable fish farming with new innovative ways to design, build and operate
- Create activity and incentives for supplier industry and start-ups

5. Authorization to increase the share capital

The board proposes that the general meeting passes the following resolution:

"The board is authorized to increase the Company's share capital by up to NOK 3,333,430, through subscription of new shares. The authorization does not authorize the board to waive the pre-emptive right of shareholders pursuant to section 10-4 of the Public Limited Liability Companies Act (the "Act"), nor carry out a capital increase through payments in non-monetary assets, nor incur special obligations on behalf of the Company as set out in section 10-2 of the Act, nor decisions on mergers pursuant to section 13-5 of the Act, and may not be used in connection with the Company's option program.

The authorization shall be in force until the earlier of the time of the Annual General Meeting in 2021 and 30 June 2021. This authorization replaces all previous authorizations to the board to increase the Company's share capital."

6. Authorization to purchase own shares

The board proposes that the general meeting passes the following resolution:

"The board is, pursuant to Section 9-2 to 9-4 of the Public Limited Liability Companies Act, authorized to purchase and hold shares in the Company. The shares to be acquired under this authorization shall not be acquired at a higher value than at market terms on a regulated market where the shares are traded, and the minimum and maximum price that may be paid for each share is NOK 1 and NOK 150, respectively.

This authorization may be used one or several times. The maximum face value of the shares which the Company may acquire pursuant to this authorization is in total NOK 833,358 which equals to approximately 2.5% of the Company's share capital.

Acquisition of shares pursuant to this authorization may only take place if the Company's distributable reserves according to the most recent balance sheet exceed the remuneration for the shares to be acquired. The board is free to determine how the Company's own shares will be acquired and sold, provided an acquisition under this authorization must be in accordance with prudent and good business practice, with due consideration to losses which may have occurred after the balance-sheet date or to such expected losses.

The authorisation shall be in force until the Annual General Meeting in 2021, however, not later than until 30 June 2021. This authorization replaces the authorization to the board to purchase own shares, given by the General Meeting on 9 May 2019."

7. Authorisation to the Board to approve the distribution of dividends

The board proposes that the general meeting passes the following resolution:

"The board of directors are authorised pursuant to the Public Limited Liability Companies Act § 8-2(2) to approve the distribution of dividends based on the Company annual accounts for 2019. The authorisation also includes distribution in the form of repayment of paid-in-capital.

The authorisation may be used to approve the distribution of dividends up to an aggregated amount of NOK 100,000,000.

The authorisation is valid for dividends from and including the second quarter of 2020 and until the Annual General Meeting in 2021, however, not later than until 30 June 2021.

The board determines from which date the shares will be traded ex-dividend.

This authorization replaces the authorization to the board to approve the distribution of dividends, given by the General Meeting on 9 May 2019."
